WISEConnect Electronic Parts Ordering Operation

Using the WISEConnect Catalog

- 1) When the WISEConnect catalog opens, find and select a part as you normally would, with the part(s) selected, click on the **Add to Order** button.

The screenshot displays the WISEConnect Parts Catalog interface for a 2001 Chevrolet Truck Tahoe. The interface includes a navigation bar with options like HOME, STOCK CHECK, CATALOG, SAVED ORDERS, ORDER HISTORY, PROMOTIONS, TECHCONNECT, TOOLS, HELP, and ORDER REVIEW. A search bar is visible with the text "2001 Chevrolet Tahoe 4.8L V8 VIN [V]". Below the search bar, there are buttons for "Add to Order", "Hide Your Price", and "Jump To: ACDELCO US". The main content area is a table of parts with the following columns: Select, Part Number, Order Qty, Catalog Description, Sell Price, Your Price, Core Price, Pack Qty, Branch Location, Avail Qty, Per Veh, and Years. The table lists several parts from ACDELCO US and GOODYEAR, including serpentine belts and belt tensioners. The table data is as follows:

Select	Part Number	Order Qty	Catalog Description	Sell Price	Your Price	Core Price	Pack Qty	Branch Location	Avail Qty	Per Veh	Years

The interface also shows a "GOODYEAR" logo and a footer with the date "February 29, 2008" and copyright information "© WMI Solutions, 2008 | Dashboard". The bottom right corner displays "Order Summary 0 Lines" and "Total \$0.00 Order Review" with "Cancel" and "Transfer" buttons.

- 2) After adding a part(s) to the system, you may click on 'New Group / Sub Group' to search for more parts. Tip: Use the backspace keyboard to go back to a previous page. When you have completed tagging the appropriate parts, click on the 'Order Review' tab to complete transfer of parts to the Management System.

Reviewing and Transferring Parts

- 1) You can review and edit your selections from the Order Review page. When you are satisfied, click on the 'Transfer' button' found in the lower right hand corner to transfer the items to the Management System order.

- 2) Once the parts have been transferred on to the order, to confirm the price and availability and ultimately order the parts, you must first click on the Price Check button. The system will respond with a status and provide the use the option to select alternate parts and locations. Once satisfied, fill in the Order Message and Rev/Inv # as desired, and then click on the Order Parts button.
- 3) The system will respond with a confirmation window where three options may be selected:
 - a. Update All Fields – updates description, line codes, cost and sale price.
 - b. Update But Retain Price – update descriptions, line codes only.
 - c. Don't Update – Does not change part description or pricing.
